Kiaan Session 18

Sunday, October 11, 2026 9:39 PM

Function :-

Function is a block of code that does something.

Why functions ?

logo → using multiple time

Company → large codebase

Code → logo

↳ new logo

1

100 - 150 → logo

650 - 700 → logo

65000 - 65550 logo

100000 lines

11 times.

11 times.

50 × 11 = 550 lines

↳

→ Code Reusability.
